OUR P.B.S. VALUES ARE:

Respect for Ourselves

Respect for Others

Respect for our Learning

Our school communities are far from perfect. Nor should they be! Or people within them believe that they are! Rather how motivated and willing are we to improve the things that need improving? Often we become blind or unable to look at aspects within a school because we live with it day to day or become comfortable with the imperfection and accept it. Often it is only when someone new to your school or a visitor observes your school community and notices through 'objective eyes' can we really get a sense of what we actually do and provide.

As we end this Term and approach three quarter time of our year, I took the time last night to write down all the things I could think of that we provide, expose students to, experience, celebrate and teach. Divided into four key areas: physical, spiritual, academic and social/emotional/mental, it is a sobering reminder of all of the things we do offer.

However the picture is still not complete. Nowhere in the table below is resilience, kindness, patience, self control, social justice, organisation, independent work habits or social skills mentioned. These and a whole host of other values, qualities and dispositions are developed in our children through the support of the home and the work in the school. We can create this huge list of 'things' that are offered but only when we also recognise 'how we go about doing them', does the complete picture of what a school community is, and what S.H.C.S. truly is, begin to take shape!

We must continue to move our school into the future, to be the school that future students, families and staff want to be part of and see as meeting their needs. We must maintain what is fundamental to our school, our Catholicity, while meeting everyone at their starting point in their faith. We still have so much to be grateful and thankful for at S.H.C.S. I hope everyone has a fantastic, safe and relaxing Term 3 holidays!

CYBERSAFETY: SUPPORT FOR PARENTS & STUDENTS

Yesterday a letter was sent home to all students in Grade 3-6 around issues of cyber safety. Where the school sees its role in addressing issues and where we see our role in supporting families to themselves address the issues that are impacting on their children. Below is a fantastic website that provides fact sheets, resources, information to two groups: one for parents and one for students. I would strongly encourage everyone to spend 10-15 minutes navigating the site and seeing if there is anything that can help you as the parent, in parenting your children around being cybersafe.

I Am An Australian Citizen!

Last Thursday I became an Australian citizen.

Zane Fagan Gr.6

When I walked into the Albert Hall with Mum, I had to sign in at the registration desk. Some of our friends came to watch and support us. When I looked around I noticed many people from 21 different countries including the USA, Thailand, Nepal, Syria and we were from Ireland. We were seated in rows that had our names on them and we were called up a row at a time to say an affirmation for our citizenship in Australia. We shook Albert van Zetten's hand, he is the mayor of Launceston. He was wearing a big gold chain around his neck and chest. After that we sat down with our certificate and waited for all the other rows to have their turn. Then the Mayor said a few words and we took some pictures with him. We joined a massive line where we were presented with gifts. We received a bible, a tree plant, and a teddy and a lot of other things. At the end of the ceremony we enjoyed some morning tea with my parents and friends. I had a hot chocolate and a sausage role. It was delicious! It was really special to become an Australian citizen.

Whether your goal be fitness, fun and friends or a full commitment to competitive swimming success at the top level, Launceston Aquatic Club has the expertise and team spirit to help you be your very best.

COACHES & 'TEAM LAC'

LAC is the only swimming club in Launceston to employ a full time professional Head Coach who is on deck every session; we believe this translates into an exceptional standard of individualised programming for juniors right through to elite. LAC limits swimmer numbers in lanes and employs two fantastic assistant coaches, Trent and Pen, to ensure every swimmer is coached, every session. This quality coaching and learning environment together with a huge emphasis on team means that LAC swimmers are never, ever just numbers in the water.

HEAD COACH - ANDREW GOETZ
Andrew Goetz Goetz has recently joined LAC as our Head Coach. Andrew has 19 years experience as a competitor and coach and has coached beginners through to National Age swimmers in all strokes. Andrew is a Silver License Swim Coach, has Strength & Conditioning accreditation and is currently completing a Bachelor of Education; his passion for swimming and his innate ability to unite our swimmers as Team LAC is matched by his experience and expertise.
