### Our P.B.S. Values are:

Respect for Ourselves  
Respect for Others  
Respect for our Learning

BeAttitudes: **Be Honest**

*"I'm sixty two now. I have three more years. I sold heroin. A lot of it. I had forty people working for me. If you were to ask me thirty four years ago what it was going to be like in prison, I couldn't have imagined. It's been the same thing every day. Everyone I care about is gone. My mother passed. My father passed. My brother and sister. If I look backwards, I'll lose my mind. I've just try to keep busy and take it one day at a time. I've done every self-help program in the system. I'm the lead facilitator for the Men of Influence Program. We teach behaviour skills, financial management and entrepreneurship. In the five years that I've been in charge, we've graduated 250 people, and only one has come back to prison. I tell them: 'Don't let me be your future.' And if I could say one thing to everyone who reads this interview. I want to apologize for the harm that I caused. If I could go back in time and correct it, I would. But that's what I've been trying to do for the past 34 years. I grew up in the Baltimore Projects. Everyone that I know had nothing. I was trying to improve my life with the information I had at the time. I grabbed the wrong rope. I'm sorry if I caused generations behind me to go astray. It wasn't my intention to bring pain to the community. And I really think that when I'm released, I can be an asset to society."*

I would love to know what is your immediate response when you read this?

Our young children here at SHCS are trying to do the best they can with the information they have now! Our parents at SHCS are trying to do the best they can with the information they have now!

Our teachers at SHCS are trying to do the best they can with the information they have now!

We are trying to grab the right rope with the information we have now!

We all grab the wrong ropes at times. Our belief here at SHCS is not to ever give up! To not stop trying! If we don't get up each day believing there is still hope to help, then we are in the wrong job, have chosen the wrong school for our children and we need to seriously reevaluate our choices! Hope is the most important gift we can give our children. That tomorrow or the next day things can be different, better. That after 34 years in prison you can make a difference to society!

Please watch this 2 minute video link below - it demonstrates the need for hope and a clean slate each day!

## From the Principal:

To forgive others not hold a grudge, talk about ideas not talk about people, continuously learn, not think we know it all, have a sense of gratitude not a sense of entitlement, accept responsibility for our failures not blame others for our mistakes and decisions is damn difficult stuff to do well and do often! It is about getting up again tomorrow and trying to be better than yesterday.

I will always challenge myself, every teacher, every parent and anyone associated with our school, that we forgive yesterday, hope for better today and believe in tomorrow. That we will not give up because someone is troubled, too difficult or too demanding. Yes, we must keep working with all to make better decisions. We must support all of our students not just those who are finding things difficult. All children deserve happiness, safety and kindness. We have to wake up tomorrow believing that they will take another step forward. That is what it means to me to be part of a Catholic School Community! It is one of the things that makes me extremely proud to be associated with S.H.C.S.

## CAMPS

This week I attended the Grade 5 Camp, in coming weeks I will also attend both Grade 6 Camps. This is a big commitment in time and does make it difficult to meet demands of other aspects of my role. Spending time with our leaders in Grade 5 and 6, our soon to be 'graduates' is important. Getting to see our students in a different setting and getting to know them more personally is pretty important stuff too! On a camp, I will often have more interactions and time talking to some individual students than I would across a term of a year. It is a privilege and humbling to attend these Camps with our students.

## SCHOOL FACE BOOK PAGE

Just a reminder for parents that the school set up the Sacred Heart Facebook Page to further enhance sharing critical information with parents, updates, photos of our students in their learning as well as reminders of upcoming events. The page was not set up as a forum for discussion or a place to ask questions that would require answers in a short space of time. As Principal I primarily am the person writing the Twitter and Facebook updates. If there are queries or questions, contact me or contact our office. This would be quicker and more accurate than writing a comment or question out into 'Facebook Land'

## PARENT/CLASS FACE BOOK PAGE

It is great that we have had parents organise and create Facebook pages for parents to connect and get to know each other as well as provide support and information. As raised last year the school asks that if these pages are created that:

- all parents are invited not just some
- teachers are invited to join
- if the name of the teacher is part of the Facebook Page, that the teacher themselves has been asked whether this is ok or not.
- We also really encourage parents to make the most of the social media for information, social events and questions rather than opportunities to write 'editorials' or online 'opinion' messages.

The Facebook logo, consisting of the word "facebook" in white lowercase letters on a blue rectangular background.

## CAR PARK UPDATE

We are planning to begin the Redevelopment of our Car park on **Wednesday 30th March**. From this point forward there will be limited or no access to the Car Park across the next 5-6 weeks. We will provide more detailed information closer to the start date.

## WORKING WITH VULNERABLE PEOPLE REGISTRATION

Government legislation now requires all people working or volunteering with vulnerable people to be registered. It is an expectation placed on our schools that any person who is on an excursion, helping in the classroom, helping out with students getting changed after swimming, attending camps etc must have this registration.

**If parents do not have registration or registration is pending you may not be able to volunteer and attend the excursion or school event.** This is something that we do not want to have to do but as legislation and system policy we need to adhere to.

### How to apply for a WWVP and Number

1. Complete the online application form [www.justice.tas.gov.au/working\\_with\\_children](http://www.justice.tas.gov.au/working_with_children)
2. Print the "Application Receipt" which is generated when the application has been completed in full
3. Take the "Application Receipt" to a Service Tasmania shop, pay the fee (\$17.60) and have your 100 point check to confirm identity

**Once your registration has been approved and you receive your WWVP card, please bring it to the school office so your name, registration number and expiry date can be recorded and verified.**

Dear Parent/Carer,

Your child is special and loved. But sometimes your child may feel worried, upset, confused, guilty or angry because your family has changed. They may feel out of place or overwhelmed in your new family situation. Or they may be grieving and sad because of a painful loss in your family.

At school we would like to offer time for your child to get together with other children their age and talk about what is happening in their life. This group is called "Rainbows", based on God's promise of the Rainbow after the storm.

If you think your child would benefit from such a program, please fill out the registration form below and return via your child's class teacher or at the School Office or email consent to the email address below.

Please don't hesitate to contact Helen Halley if you require any further information either in person or at [helen.halley@catholic.tas.edu.au](mailto:helen.halley@catholic.tas.edu.au)

Welcome to Post 1 of MYTERN (Take Emotional Responsibility Now)

MYTERN is a powerful communal language that helps students, staff, parents, carers and grandparents handle the daily stressors of life. The effect of minor stressors such as an argument with a friend, a nasty look or nasty word, lower test results than anticipated, not looking good, or not being chosen for a team, can easily go unnoticed, resulting in the development of more serious problems. We cannot eradicate the daily stressors of life.

Therefore, MYTERN, combined with other strategies that we already have in place, will strengthen our community's ability to handle these everyday stressors.

MYTERN focuses on creating emotional intelligence, health and resilience, helping all of us deal with everyday situations (be they positive or negative) in a realistic and practical manner. Like reading and writing, this skill is acquired through daily practice, and is just as essential a skill to master as literacy and numeracy.

That is why it is so important that the language of MYTERN is practised both at school and at home. To help us facilitate this at home, we recommend that you also download the MYTERN App. This will not only help embed the language into your vocab but also assist in applying the skill daily, as the app delivers a message from Monday to Friday at random times within the hours of your choice.

We will also be providing a weekly/fortnightly post, educating our community on what MYTERN is and how we can embed the language in our everyday experiences.

**Family Activity:** Have each member of your family discuss the everyday stressors that may leave them feeling sad, tired, angry, or frustrated. There are no wrong or right answers. Can you remove any or all of them or are they just a part of life?
