Love thy neighbour

'Most of the problems in our world would be solved by looking in the mirror before looking out the window...' (Anonymous)

As a Catholic school we believe in the importance of celebrating Mass. The Mass enables us to gather and experience the joy of Jesus' love for us. For me breaking open the word of God via the readings from the bible allows me to reflect on my own life. When I listen to the word I ask myself 'so what'? What words that were written 2000 years ago will be of meaning for me in 2023?

Recently I found myself drawn to a gospel reading that was shared (Luke 10:25-37) The readings resonated well for me, 'We ALL have weeds in our own gardens that need tending to.' I wondered how I could be a better husband, father, son, school leader, colleague, friend. What do I need to do in my relationships to make a difference in the world? What do I need to do better? What right do I have to judge others?

If there is one thing we all find out early in our lives is that we can make good decisions for ourselves. As young children we soon discover that climbing has an element of risk, using inappropriate words will attract attention and equally using appropriate words attracts attention and we have the capacity to make choices for ourselves. The choices we make, even at a young age, paint a picture of the type of person we are.

Commentators have often discussed the Australian 'tall poppy syndrome'. Put simply some Australians seek to find fault in others, in this situation, it is those that have had some sort of success. We can also be drawn into looking or seeking ways to be negative about 'ordinary people'. It is difficult to see the good in others if we only ever see or hear negative things. As members of the human race, and the SHS community, that is our challenge, to search for and promote the good in everyone.

As a Catholic School community Sacred Heart must continue to challenge others and most importantly ourselves to reflect the good news of the gospel. We are challenged to uphold the core values of, love, justice, patience, compassion and respect, that our school was founded on. By reflecting these values we are becoming a part of the solution and not part of the problem.

Children never cease to amaze me in their capacity to 'forgive and forget'. They have the ability to 'move on' especially if the adults demonstrate the way. It is our responsibility to continue to model to our children the sorts of behaviours that are reflected in the school values.

Ask your children this week in what ways have I reflected the core values of Sacred Heart?

'It costs nothing to be respectful...but it means everything to those we respect...' (Anonymous)

150 Years Celebration

Friday 16th June Sacred Heart will be celebrating our school feast day with the children and staff of SHS. We would like to see every child and staff member dressed in 'olden day' clothes for the day. Please check your dress up boxes, ask grandparents, visit St Vincent de Paul or ask a friend.

We look forward to our community entering into the spirit of the occasion.

Laudato Si' Week

Pope Francis has written a letter addressed to every person on the planet, asking us all to protect and care for the earth and all people. This letter is called *Laudato Si'* which is Latin for "Praise be to you". These words are part of a quotation from St Francis of Assisi's "Canticle of the Creatures" in which St Francis praises God by meditating on the goodness of sun, wind, Earth, water, and other natural forces.

Recently a film '*The Letter*' was released, which is freely available on YouTube

Wellbeing Lessons

The Loose Parts Play Area is a popular area of our playground.

Research suggests that these types of play areas are critical for developing creativity and imagination in children, while also keeping them physically active. The social skills of our students here at Sacred Heart are fostered through loose parts play as our students communicate, collaborate and negotiate with others in this space. They continually demonstrate their ability to be inclusive of others while they create and play together.

We are always looking for ways to provide stimulating environments and materials for our students. If you have any equipment in your home, backyard, garage or workplace that you no longer use, we would appreciate your donations. Appropriate donations might include;

- Natural materials like logs, stumps and rocks
- Building materials like blocks, planks and crates
- Loose parts like tires, ropes and fake grass

And don't forget, creating a Loose Parts Play space like this at home, can encourage creativity and imagination in your child too.

Emergency Practice

Within the next few days we will hold an unannounced emergency practice with staff and students, to test our response to a potential scenario where staff may identify a threat which would warrant the school to go into lockdown (opposite to evacuation).

Like for fire evacuation drills, we recognise the worth to test this process.

We have plans in place to make this practice as least disruptive as possible.
